Description of Work:Primary: Warren Zehner
Additional: William Rhotenberry, Nicolas Brescia

Contractor shall provide support for ESF-10 Hurricane response.

Contractor shall coordinate with ICS Branch Directors and Division/Group Supervisor. Contractor shall provide resources necessary to conduct the following activities in areas impacted by Hurricane Harvey. Resources must be available as soon as safely possible after tasking.

Sample water, air, and sediments.

Assess public water systems.

Assess potential emergency conditions resulting from oil and chemical releases, investigate complaints and evaluate facilities.

Provide technical assistance for the removal of oil from the major/medium/minor spills.

Provide technical assistance for the performance of cleanups of oil and hazmat emergencies which conditions present actual public health threats.

Conduct reconnaissance, assessment, tracking and monitoring for the collection, segregation, staging and disposal of orphan drums, tanks, cylinders and other hazardous containers.

Provide technical assistance for the collection, bulking, and disposal of household hazardous waste (HHW).

If tasked, prepare and distribute public information for dissemination in parishes to facilitate hazardous debris and HHW collections.
